# 高 云 峰

求职意向：TA

生日：2003.2.12　　现居：重庆

电话：18090170289　　邮箱：1099307651@qq.com

## 教育背景

**2022.9-至今　　重庆大学　　机械设计制造及其自动化（本科）**

主修课程：机械制图，C++编程，固体力学，材料力学，电工电子学，大学物理，工程基础，微积分，线性代数，常微分，制造方法等

## 社团和组织经历

- 2023 年重庆大学-辛辛那提联合学院学生代表
- 2023 年重庆大学学生代表大会副团长
- 2023 年重庆大学大学生丙等奖学金两次
- 2024 年重庆大学 UC 联合学院实习之星

## 项目经历

- 2023.9-2024.5　**源色智造**

  本项目为基于应用基于 stable diffusion 的用户个性化定制羊毛衫行业的大学生创新创业项目，我在其中的主要负责前期立意确立、发展步骤的商定、产品的宣发以及平台的测试与修改。

- 2023.9-2024.5　**智学引擎**　　**重庆大学银奖**

  本项目为基于 chatgpt 为基础建立的矢量数据库，进而精准搜索得出大学生选定专业的题目答案，做成大学生版“作业帮”，我主要负责商业计划书的书写、数据库的校对

- 2024.1-2024.4　**康复机器人**

  本项目为使用 C#对双伺服电机组成的机械系统进行医生引导病人康复的模拟，我主要负责 C#界面的设计与模拟电路的连接、真实电路的排查

- 2023.9-2023.12　**红岩薪火**　　**“我心中的思政课”微电影大赛全国三等奖**

  总负责人，导演，编辑，拍摄，后期全权参与

- 2023.9-至今　**蔬菜多尺度分切**

  本项目为设计一个设备完成预制菜蔬菜分切环节，我主要负责模型的设计，搭建，3D 打印组装、财务管理

- 2024.5-2024.8　**哈金森质量部实习生**　　**企业实习专业得分第一**

  在武汉哈金森汽车橡胶制品有限公司实习，完成了 spc-MTS 系统的修复、实验设备的接受以及相关工作指导文件的攥写、实验设备测量评估、宝马季度考核相关文件、日常质量警报文件等工作

## 专业技能

语言技能：英语 CET-4、

软件技能：熟悉 C++，C#语言，办公软件，solidworks、matlab

# 高云峰

Career Objective: TA

Birthday：2003.2.12 Residence：Chongqing

Phone：18090170289 Email：1099307651@qq.com

## Extracurricular and Organizational Experience

- 2023 Permanent Student Representative Committee Member at Chongqing University-Cincinnati Joint College .
- 2023 Third-class Scholarship Recipient at Chongqing University.
- 2023 Member of Chongqing University's Chongqing astronomy Club.
- 2022 Member of the Aerospace Modeling Club at Chongqing University.

## Personal Experience

- 2023.9-2024.5 **Source Color Manufacturing**
  This project is a university student innovation and entrepreneurship project for personalized wool sweater industry based on Stable Diffusion application. My main responsibility is the establishment of the initial idea, the determination of the development steps, the promotion and marketing of the products, and the testing and modification of the platform.
- 2023.9-2024.5 **Smart Learning** **Chongqing University Silver Award**
  This project is based on ChatGPT to establish a vector database, and then accurately search for the answers to the selected subject titles of college students, making a college student version of "ZuoYeBang". My main responsibility is the writing of the business plan and the proofreading of the database.
- 2024.1-2024.4 **Rehabilitation Robot**
  This project is to simulate the doctor guiding the patient's rehabilitation using a mechanical system composed of two servomotors, using C#. My main responsibility is the design of the C# interface and the connection of the simulation circuit, as well as the troubleshooting of the real circuit.
- 2024.5-2024.8 **Hutchinson Quality Department Internship, Professional Score First**
  Internship at Wuhan Hutchinson Automotive Rubber Products Co., Ltd. Completed the repair of the SPC-MTS system, acceptance of experimental equipment, and writing of related work guidance documents, measurement evaluation of experimental equipment, BMW quarterly assessment related documents, and daily quality alert documents.

## Skills

Language Skills: English (CET-4), Mandarin Chinese

Office Skills: Proficient in using the Microsoft Office suite, WPS Office, and Adobe software

Professional Skills: UAV Pilot, Contracted Photographer for BDM

Software Skills: Familiar with C++ and C#

Modeling Skills: Proficient in UG-NX, SolidWorks, Photoshop, Blender, and other software

## Self-Assessment

I have extensive experience in industrial design, familiarity with the design process, and the ability to independently conduct product requirement analysis and innovative structural design. I am responsible for detailed product design and project planning while also participating in solving technical challenges. I possess a solid foundation in engineering mechanics and mechanical structure design, along with profound knowledge of manufacturing processes. I demonstrate excellent communication skills and a hands-on learning ability, excelling in coordinating communication between different modules and driving product implementation.
